Roger, James and Rick, attached is a copy of the Amendment. Steve and I have signed off on the concurrence package. I am waiting for Mary to review it. I wanted to give you all some lead time on this so that when the concurrence package hits your desks you will have already read the Order Mod.

I will be out Friday, but will be in the office otherwise until the New Year. I can be reached at  if you need to reach me.

Enjoy your holidays!

Andy

Mary, I am pleased to provide you with an advance copy of the Amendment to the 2009 AOC for your review. Steve is reviewing it now.

Please note that OECA has signed off, and the memo confirming that is in the concurrence package.

Also please note that paragraph 17, which modifies Paragraph 49 of the 2009 AOC, was modified this morning to clarify the issue I mentioned to you yesterday-making sure that the entire agreement, as amended, and all exhibits to the 2016 First Amendment, are binding on both Chemours and DuPont. We communicated this change to Mike Melloy this morning and received no objections. Mike is sharing this change with Chemours and DuPont today. If there is any objection to this fix, I will let you know.

We are finalizing some minor changes to the SOW and the Model water Treatment Plan, so those attachments are not in the concurrence package yet.

The plan is to get signatures from DuPont and Chemours before 1/1. The signatures will be sent to us in PDF form so that we can get Regional signatures.

I will be out on Friday, but will be in all other days until New Years. I can be reached by cell at 

Andy
